## Unique Student Identifier

If you're studying nationally recognised training in Australia from 1 January 2015, you will be required to have a Unique Student Identifier (USI). Your USI links to an online account that contains all your training records and results (transcript) that you have completed from 1 January 2015 onwards. Your results from 2015 will be available in your USI account in 2016.

When applying for a job or enrolling in further study, you will often need to provide your training records and results (transcript). One of the main benefits of the USI is the ability to provide students with easy access to their training records and results (transcript) throughout their life. You can access your USI account online from your computer, tablet or smart phone anytime. Fact sheets –available to download [Student Information for the USI](#)

It's free and easy to [create your own USI](#) and will only take a few minutes of your time. Alternatively, we can create your USI on your behalf. To do this we will need some additional identification information from you such as your driver's licence number.

### **Access to your records**

You are entitled to have access to your student file and learning and assessment records on request. ### **Continuous improvement**

Zoe Training Institute is committed to the continuous improvement of our training and assessment services, student services and management systems. Central to this commitment is our approach to continuous improvement and the procedures we apply to achieve systematic and sustained improvement.

### **Suggesting improvements**

The primary method of reporting opportunities for improvement by students is via the continuous improvement reporting procedure. This procedure allows any person to raise a Continuous Improvement Report for consideration by the Continuous Improvement Committee. Often these reports will be generated after an opportunity for improvement has been identified by a staff member

or student. The Continuous Improvement Report template is available on request. Students are encouraged to provide feedback to Zoe Training Institute so we can improve our services in the future.

### **Learner satisfaction survey**

At the completion of your training program, you will be issued with a Learner Satisfaction Survey. This is a nationally consistent survey tool which is designed to collect feedback from students about their experience with an RTO and in undertaking nationally recognised training. Your completion and return of this survey is important to Zoe Training Institute for our ongoing improvement of services and to enable us to report this information to our registering authority. Your assistance in gathering this survey data is greatly appreciated.

### **Assessment**

At Zoe Training Institute assessment is conducted using a combination of Written Knowledge Assessment, Research Tasks, Case Studies, Work Log Book, Supervisor Feedback and Workplace Observation.

The following provides a brief explanation of the primary assessment methods:

- **Written Knowledge Assessment:** The student is required to provide a written response to a range of questions relating to required knowledge of the units of competency. These would generally be short answer response activities and may include other questioning methods including multiple-choice.
- **Research Tasks:** The student is required to undertake research within their own workplace and the available reference material and provide a written response to each question. These assessment activities are usually short to medium answer response activities. The responses provided by the student will largely be specific to their workplace.
- **Case Study Response:** The student is required to provide a written response to a situation presented in a case study scenario. This will usually require the student to consider carefully the situation presented, undertake some research to inform their response and then to propose their recommended actions.
- **Workplace Log book:** The student is required to record details of their work activity completed during the work placement. These details are recorded against specified tasks which are predesigned for the student to complete. This forms an important part of the assessment evidence as it often includes critical evidence that is otherwise difficult for the assessor to observe.
- **Supervisor Feedback:** The assessor will periodically engage with workplace supervisors to seek their feedback about the student's performance. This is undertaken as an interview with a duration of approximately 15 to 20 minutes. This interview can be undertaken over the phone or face to face. Feedback from a supervisor is recorded into the assessment record.
- **Workplace Observation:** The student will be observed performing specific tasks in their day-to-day work activities. The assessor will attend the workplace and observe the student performing tasks relevant to the units of competency being assessed. The student will be briefed on these observation activities in events and is required to make arrangements to undertake these activities when the assessor is in attendance at the workplace.

### **Re-assessment**

Students who are assessed as not yet competent are to be provided with

detailed verbal and written feedback to assist them to identify the gaps in their knowledge and skills to be addressed through further training. These students are to be provided with additional training and learning support to target their specific gaps in knowledge and/or skills and prepare them for additional assessment.

It is the policy of Zoe Training Institute to provide three opportunities for additional training and re-assessment at no additional cost to the student or employer. Students who require additional training and re-assessment after they have exhausted their three opportunities will be required to pay a fee for additional training and re-assessment. Please refer to the current fee schedule to identify the re-assessment fee.

Students requiring additional learning support are to be brought to the attention of Zoe Training Institute management so the progress of the student can be monitored closely and additional support services can be applied well before it becomes necessary to impose an additional fee for re-assessment. Where students repeatedly do not demonstrate competence following significant learning and assessment support, a

student's enrolment can be determined through mutual agreement.

### **Language, literacy & numeracy skills**

Language, literacy and numeracy skills are critical to almost all areas of work. This is particularly true in many vocations where language, literacy and numeracy skills influence the performance of workplace tasks such as measuring, weighing and comprehending written work instructions.

To support this approach Zoe Training Institute will:

- Assess a student's language, literacy and numeracy skills during their enrolment to ensure they have adequate skills to complete the training;
- Support students during their study with training and assessment materials and strategies that are easily understood and suitable to the level of the workplace skills being delivered;
- Provide clear information to students about the details of the language, literacy and numeracy assistance available. Zoe Training Institute generally recommend the LLN training courses provided by TAFE. These institutes have

specialist teachers to support the student's development.

- Refer students to external language, literacy and numeracy support services that are beyond the support available within Zoe Training Institute and where this level of support is assessed as necessary; and
- Negotiate an extension of time to complete training programs if necessary.

### **Making complaints & appeals**

Zoe Training Institute is committed to providing a fair and transparent complaints and appeals process that includes access to an independent external body if necessary.

#### **What is a complaint?**

A complaint is negative feedback about services or staff which has not been resolved locally. A complaint may be received by Zoe Training Institute in any form and does not need to be formally documented by the complainant in order to be acted on. Complaints may be made by any person but are generally made by students and/or employers.

#### **What is an appeal?**

An appeal is an application by a student for reconsideration of an unfavourable decision or finding during training and/or assessment. An appeal must be made in writing and specify the particulars of the decision or finding in dispute. Appeals must be submitted to Zoe Training Institute within 28 days of the student being informed of the assessment decision or finding.

### **Early resolution of complaints & appeals**

In all cases, issues that arise during training and assessment that are the source of frustration or are in dispute should be resolved at the time, as they occur between the persons involved, where possible. Sometimes, it will not be possible and in these cases you are encouraged to come forward and inform us of your concerns with the confidence that you will be treated fairly.

### **Complaint and appeals handling**

Zoe Training Institute applies the following principles to its complaints and appeals handling:

- A written record of all complaints is to be kept by Zoe Training Institute including all details of lodgement, response and resolution. Zoe

- Training Institute will maintain a complaints register to be used to record the details of the complaint and to maintain a chronological journal of events during the complaint handling process. Records relating to complaint handling are stored securely to prevent access to unauthorised personnel.
- A complainant is to be provided an opportunity to formally present his or her case at no cost.
  - Each complainant may be accompanied and/or assisted by a support person at any relevant meeting.
  - The handling of a complaint is to commence within seven (7) working days of the lodgement of the complaint and all reasonable measures are taken to finalise the process as soon as practicable.
  - The complainant is to be provided a written response to the complaint, including details of the reasons for the outcome. A written response must be provided to the complainant within fourteen (14) days of the lodgement of the complaint.
  - Complaints must be resolved to a final outcome within sixty (60) days of the complaint being initially received. Where Zoe Training Institute Chief Executive Officer considers that more than 60 calendar days are required to process and finalise the complaint, the CEO must inform the complainant in writing, including reasons why more than 60 calendar days are required. As a benchmark, Zoe Training Institute will attempt to resolve complaints as soon as possible. A timeframe to resolve a complaint within thirty (30) days is considered acceptable and in the best interest of Zoe Training Institute and the complainant. A complainant should also be provided with regular updates to inform them of the progress of the complaint handling. Updates should be provided to the complainant at a minimum of four (4) weekly intervals.
  - Zoe Training Institute shall maintain the enrolment of the complainant during the complaint handling process.
  - Decisions or outcomes of the complaint handling process that find in the favour of the student shall be implemented immediately.

- Complaints are to be handled in the strictest of confidence. No Zoe Training Institute representative will disclose information to any person without the permission of Zoe Training Institute Chief Executive Officer. A decision to release information to third parties can only to be made after the complainant has given permission for this to occur. This permission should be given using the Information Release Form.
- Complaints are to be considered and handled to ensure the principles of natural justice and procedural fairness are applied at every stage of the complaint handling process. This means that the complainant is entitled to be heard with access to all relevant information and with the right of reply. The complainant is entitled to have their complaint heard by a person that is without bias and may not be affected by the decision. Finally the decision must be made based on logical evidence and the decision-maker must take account of relevant considerations, must act for a proper purpose and must not take into account irrelevant considerations.

### **Review by an independent person**

Zoe Training Institute provides the opportunity for persons making a complaint or an appeal who are not satisfied with the outcomes of the complaints and appeals handling process to seek a review by an independent person. To facilitate this, Zoe Training Institute will engage a suitably qualified and experienced VET consultant to provide this review impartially on behalf of the student.

### **Review by external agency**

- Where the complainant or person lodging an appeal is not satisfied with the handling of the matter by Zoe Training Institute, they are to have the opportunity for a body that is independent of Zoe Training Institute to review his or her complaint or appeal following the internal completion of complaint or appeals process.
- Students who are not satisfied with the process applied by Zoe Training Institute may refer their grievance to an external agencies:
  - **Unresolved complaints** may be referred to the Australian Skills Quality Authority - ASQA Online Complaint Form [click here](#). Students are to be advised that ASQA will require the student to have exhausted all

avenues through Zoe Training Institute internal complaints handling procedure before taking this option.

- **Unresolved Appeals** in relation to consumer related issues may be referred to the Office of Fair Trading.
- **National Training Complaints Hotline** also provides an opportunity for students to lodge their grievance with an external agency who will follow up and investigate their complaint. This service can be accessed via the following phone number: 13 38 73.

### **Recognition of your existing skills & knowledge**

In accordance with the requirements of the Standards for Registered Training Organisations, Zoe Training Institute provides the opportunity for students to apply to have prior learning recognised toward a qualification or units of competence for which they are enrolled.

### **What is recognition?**

Recognition involves the assessment of previously unrecognised skills and knowledge that an individual has achieved outside the formal education

and training system. Recognition assesses this unrecognised learning against the requirements of a unit of competence, in respect of both entry requirements and outcomes to be achieved. By removing the need for duplication of learning, recognition encourages an individual to continue upgrading their skills and knowledge through structured education and training towards formal qualifications and improved employment outcomes. This has benefits for the individual and industry. Most importantly, it should be noted that recognition is just another form of assessment.

### **Recognition guidelines**

The following guidelines are to be followed when an application for recognition is received:

- Any student is entitled to apply for recognition in a course or qualification in which they are currently enrolled.
- Students may not apply for recognition for units of competence or a qualification which are not included in Zoe Training Institute scope of registration.
- Whilst students may apply for recognition at any time, they are encouraged to apply before

commencing a training program. This will reduce unnecessary training and guide the student down a more efficient path to competence.

- Students who are currently enrolled in a training program are eligible to apply for recognition in that program at no additional charge.
- Assessment via recognition is to apply the principles of assessment and the rules of evidence.
- Recognition may only be awarded for whole units of competence.

### **Forms of evidence for recognition**

Recognition acknowledges that workplace skills and knowledge may be gained through a variety of ways including both formal and informal learning or through work-based or life experience.

Like assessment, recognition is a process whereby evidence is collected and a judgement is made by an assessor or assessment team. The judgement is made on evidence provided by candidates of the skills and knowledge that they have previously learnt through work, study, life and other experiences, and that they are currently using. It also includes evidence to confirm a candidate's ability to adapt

prior learning or current competence to the context of the intended workplace or industry.

Forms of evidence toward recognition may include:

- Work records;
- Records of workplace training;
- Assessments of current skills;
- Assessments of current knowledge;
- Third party reports from current and previous supervisors or managers;
- Evidence of relevant unpaid or volunteer experience;
- Examples of work products;
- Observation by an assessor in the workplace;
- Performance appraisal; or
- Duty statements.

Many of these forms of evidence would not be sufficient on their own. When combined together, with a number of evidence items, the candidate will start to provide a strong case for competence. Zoe Training Institute reserves the right to require candidates to undertake practical assessment activities of skills and knowledge in

order to satisfy itself of a candidate's current competence.

### **What is national recognition?**

National recognition is the recognition of learning achieved through formal education and training. Under the Standards for NVR Registered Training Organisations, qualifications and statements of attainment issued by any RTO are to be accepted and recognised by all other RTOs. National recognition allows a student to be awarded a unit of competency/module based on successful completion of the unit which has been previously awarded.

### **Evidence requirements**

If you are seeking national recognition you are required to present your statement of attainment or qualification for examination to Zoe Training Institute. These documents will provide the detail of what units of competence you have been previously issued. You must provide satisfactory evidence that the statement of attainment or qualification is authentic, is yours and that it has been issued by an Australian RTO. Statements of attainment or qualifications should be in the correct format as outlined in the Australian Qualifications Framework. You are required to submit copies only

which are certified as a true copies of the original.

### **National recognition guidelines**

The following guidelines are to be followed in relation to national recognition:

- Any student is entitled to apply for national recognition in a course or qualification in which they are currently enrolled.
- Students may not apply for national recognition for units of competence or qualification which are not included in Zoe Training Institute scope of registration.
- Whilst students may apply for national recognition at any time, they are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the student down a more efficient path to competence.
- The student does not incur any fees for national recognition and Zoe Training Institute does not receive any funding when national recognition is granted.
- National recognition may only be awarded for whole units of competence. Where a mapping

guide identifies a partial credit, this will not be considered for national recognition and applicants will be advised to seek recognition.

Zoe Training Institute is required to operate in accordance with the law. This means we comply with the requirements of legislative and regulatory requirements. The following legislation is a list of the Acts that Zoe Training Institute has recognised it has compliance responsibilities to. They also represent obligations to you as a student whilst training with Zoe Training Institute.

### **Copyright Act 1968**

Copyright is a type of property that is founded on a person's creative skill and labour. It is designed to prevent the unauthorised use by others of a work, that is, the original form in which an idea or information has been expressed by the creator.

Copyright is not a tangible thing. It is made up of a bundle of exclusive economic rights to do certain acts with an original work or other copyright subject-matter. These rights include the right to copy, publish, communicate (eg. broadcast, make available online) and publicly perform the copyright material.

There is no general exception that allows a work to be reproduced without infringing copyright. Where a part of a work is copied, the issue is

whether a substantial part of that work has been reproduced and thus an infringement has occurred. However, there is a 10% rule which applies in relation to fair dealing copying for the purposes of research or study. A reasonable portion of a work may be copied for that purpose, and a reasonable portion is deemed to be 10% of a book of more than 10 pages or 10% of the words of a work in electronic form.
